"Deluxe" All Color is Always Standard

Choose your roof and wall colors from eight beautiful colors. All Models come standard with a FREE Color Roof as part of your building package. Deluxe "Supersized Ribbed Trims" are always standard. Full hard 100,000 psi high tensile steel cladding has spring like resistance to abuse. All models are clad with our exclusive K Roof Panel (PBR) and KW wall panel. We engineered this panel to meet our customers need for a commercial look, waterproof fit and economical price. The self-drilling screw fasteners are color coded to match your metal cladding. A 40 year warranty coving your building exterior is standard.

**PIERS**
